K. OF P. DECORATION.

Hermion Lodge Pays Tribute to Their De-
ceased Brothers.

Hermion Lodge, K. of P. appro-
priately observed decoration day yester-
day. At 1:30 o'clock the members of
the lodge and a few visiting Knights as-
sembled in the lodge room and after
some excellent music furnished by
George Pomeroy, J. N. Gibson and
Frank Knote, order was called by the
Chancellor Commander John Wilhelm.
After the ritualistic ceremonies, E. A.
Remy, made a brief address.

The Knights, more than a hundred in
number, then formed in line and head-
ed by the Nightingale Band, and Suc-
cess Division U. R. K. of P. and
marched to the cemetery where the
graves of the nineteen deceased mem-
bers of Hermion Lodge were strewn
with flowers.

This beautiful custom as observed by
the Knights of Pythias grows more im-
pressive from year to year.

Christian Church Revival.

The great meeting conducted by the
"Boy Preacher," Elder A. F. Beare, at
the Christian church, closed last night
with a great crush. The house was
crowded and many on the outside. The
immediate results of this meeting are
seen in sixty-four additions to the
church, making in all eight years a total
of six hundred and twenty-four addi-
tions since Elder Beare came in our
midst, a period of two months and one
week. This meeting was in some re-
spects a wonderful meeting and the
preacher no less so, for although the
devil's old rusty and shaggy horns were
at various times seen to intrude them-
selves, yet the little man was always
equal to the emergency and held him
at bay and in the face of many discour-
agements he has succeeded in doing a
greater work than any of his illustrious
predecessors. The church is much
strengthened and built up, and it is
hoped that the preacher and the people
will continue to hold the devil at bay
and that the good work thus well begun
will continue to go on indefinitely.

Mr. Isaac Horner, proprietor of the

of the most widely known men in the
state was cured of rheumatism after
three years of suffering. He says: "I
have not sufficient command of language
to convey any idea of what I suffered,
my physicians told me that nothing
could be done for me and my friends
were fully convinced that nothing but
death would relieve me of my suffering
In June, 1894, Mr. Evans, then sales-
man for the Wheeling Drug Co., recom-
mended Chamberlain's Pain Balm. At
this time my foot and limb were swollen
to more than double their normal
size and it seemed to me my leg would
burst, but soon after I began using the
Pain Balm the swelling began to de-
crease, the pain to leave, and now I
consider that I am entirely cured. For
sale by C. W. Milhous.

A Valuable Prescription.

Editor Morrison, of Worthington,
Ind., "Sun," writes: "You gave a valua-
ble prescription in Electric Bitters, and
I can cheerfully recommend it for Con-
stipation and sick headache, and as a
general system tonic it has no equal."
Mrs. Annie Stehle, 2025 Cottage Grove,
Ave., Chicago, was all run down, could
not eat or digest food, had a backache
which never left her and felt tired and
weary, but six bottles of Electric Bitters
restored her health and renewed her
strength. Price 50 cents and \$1.00. Get
a bottle at W. F. Peter's drug store.

A Wholesome Soap.

Toilet soap, to be good, should be
as wholesome as good. The skin is as
sensitive as the stomach, and is as
quickly affected by impure soap as the
stomach is by unwholesome food.
With this fact in view, Alpha Cox,
the druggist, recently engaged one
of the most reliable soap makers in
the United States to prepare a special
skin soap for his trade. The soap
has been received at his pharmacy, and
it proves to be all that the proprietor desired
in so essential an article of the toilet—a pure,
perfumed soap, agreeable to the skin, and
one which, having once been used will be used
again, and cheerfully recommended to friends.
When you are purchasing toilet requisites
again, bear in mind Cox's Special Skin Soap.

The Daily and Weekly REPUBLICAN

Have no Equal for Advertising in Seymour or Jackson County.

John B. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John B. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety, can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

Read! Read! Read

REASONS why you should read the Cincinnati Daily TIMES-STAR:

It has the latest and most reliable foreign as well as domestic news; it has better financial and market reports and more special correspondence than any other Cincinnati newspaper; it contains twice as much news as any other paper sold at the same price; it is a family paper, and has the largest home circulation of any paper printed in the Ohio Valley.

For more than a hundred years the Shakers have been studying the remedial properties of plants. They have made many discoveries, but their greatest achievement was made last year. It is a cordial that contains already digested food and is a digester of food. It is effective in removing distress after eating, and creates an appetite for more food so that eating becomes a pleasure. Pale, thin people become plump and healthy under its use. It arrests the wasting of consumption.

There never has been such a step forward in the cure of indigestion as this Shaker Cordial. Your druggist will be glad to give you a little book descriptive of the product.

Judicious advertising is the best paying investment that a business man can make. The soundest kind of investment in stocks, bonds, real estate, etc., is liable to a fluctuating value, and that is about the worst thing that can be said about judicious advertising. But its percentage of returns on the outlay is larger, and that is why it may be considered as a pretty solid investment when properly done.

INDIANS IN AN UGLY MOOD.

Killing of Almighty Voice Likely to Cause Trouble.

REGINA, N. W. T., June 14.—The irritation among the Indians in consequence of the killing of Almighty Voice and his companions by the mounted police is assuming an ugly shape. Fifteen Indians have attacked the farm of Mr. Gordon, between Saskatoon and Duck Lake, and killed all the cattle in the corral. A detachment of the north-west mounted police have left Regina to proceed to the spot by train. They will join a second detachment at Nut Lake. It is believed that the instigator of the outrages is a family connection of Almighty Voice, called Almighty Voice's brother.

MURDER OF LONG AGO.

Old Man Indicted for a Crime of His Younger Days.

PRINCETON, Ky., June 14.—When the grand jury adjourned Saturday night it returned one indictment, which, when it became known this morning, created great surprise and considerable excitement. The indictment is against Moses Hobby, colored, charging him with willful murder, in killing Holeman, colored, over 45 years ago. The strange part of the matter is why Hobby has not been indicted long ago.

Very few living here now know anything of the case. The witness are very old people. The indictment charged Hobby with putting poison in whiskey and giving it to Holeman. A bench warrant was issued immediately and Hobby is in jail.

WALLACE FOR SPANISH MISSION

Forecast of the Senate Proceedings For the Week—Tour of Postal Congress Ended—Captain Stouch's Report on Indian Troubles—Production of Gold and Silver.

WASHINGTON, June 14.—The treasury department has received by reference from the secretary of state, a communication from the Spanish minister to the effect that he has information that an important filibustering expedition is being organized on the coast of Florida, and asks that steps be taken by the government to frustrate it. No particulars were given, so that the only action that could be taken by the department was to communicate this information to all collectors and masters of the patrol fleet on the Florida coast with instructions to be on the alert to prevent the departure of any suspected expedition. This was done yesterday by telegraph.

It developed later that the department has specific information of the shipment of arms and ammunition for what promises to be one of the most important filibustering expeditions for several months. A carload of arms left Jacksonville Friday morning by Florida East Coast railroad and passed near Smyrna south-bound. A second carload of rifles and dynamite left Jacksonville Saturday morning on the regular freight train for the probable purpose of being transferred to some vessel on the east coast, probably the yacht Valensia which has been engaged to transfer these munitions from the railways to the vessel destined for Cuba. It is probable that the vessel which will receive these arms will not come close to shore.

CONGRESSIONAL

Forecast of the Senate Proceedings for the Week.

WASHINGTON, June 14.—The sugar schedule of the tariff bill is expected to continue to be the subject of consideration in the senate for the next day or two. The Hawaiian treaty and anti-trust amendments are still to be disposed of, and both will excite considerable debate. With the sugar schedule settled, the agricultural schedule, which has been partially considered, will be again taken up, and will in time be followed by the tobacco schedule, if, in the meantime, the Republicans agree upon its provisions. The Republican managers hope to also dispose of the spirit and cotton schedules during the week, and possibly make some progress with the hemp and flax provisions. There was at one time talk of an attempt to add compensatory duties on cotton goods because of the duty fixed on raw cotton, but this is understood to have been abandoned. The Democrats do not find the present schedule objectionable except in minor details.

The Republican managers now hope that the debate in the senate will be concluded within the next two weeks notwithstanding less than one-third of the bill has been gone over. They have secured an agreement with the Democrats that the sessions shall begin at 11 o'clock each day instead of 12 after Wednesday next.

The house having no business before it will continue its policy of adjourning.

BRYAN AND SEWALL

The ex-Candidates Dined by United States Senator Jones.

WASHINGTON, June 14.—William J. Bryan paid a hurried visit to Washington yesterday, arriving in the morning and leaving in the evening for Norfolk, Va. There were many callers at the hotel where Mr. Bryan stopped. He attended service at the New York Avenue Presbyterian church and later in the day dined with Senator Jones, the chairman of the national Democratic committee. Hon. Arthur Sewall, the late Democratic vice-presidential candidate, also dined with Senator Jones.

Stouch's Report on Indian Trouble.

WASHINGTON, June 14.—The Indian office has received from Captain Stouch of the Tongue River (Mon.) agency a detailed report of the recent trouble there, arising from the murder of Settler John Hoover by David Stanley, a Cheyenne brave. After much diplomacy on the part of the agent, Stanley and his two accomplices, Sam Crow and Yellow Hair, are now lodged in jail at Miles.

City and will be tried by the civil courts. Captain Stouch's description of the trouble is interesting in that it shows the constant conflict between the federal officers and the native authorities in the presence of the sheriff and a large posse came near causing a conflict with the Indians.

Tour of the Postal Congress Ended.
WASHINGTON, June 14.—The 9-days' tour of the Universal Postal congress was ended Saturday night, when the special of nine Pullmans arrived at the Pennsylvania depot. There were 140 people in the party, mostly officials of high rank in their countries. The work of the congress is practically wound up, all that now remains being to sign the general treaty on Wednesday. Most of the delegates have booked passage on ocean liners for next week.

Production of Gold and Silver.

The increase in the production of gold over 1895 was \$6,478,000, while the production of silver shows an increase of \$4,015,000.

WALLACE FOR SPANISH MISSION.

His Name to Be Presented to the President on His Return.

WASHINGTON, June 14.—General Lew Wallace of Indiana has been suggested for the Spanish mission. Without waiting to ascertain his wishes in the matter his friends are pointing out his special fitness for the work. They say that General Wallace meets exactly the ideal the president has described for the appointment. He is a fine Spanish scholar. In addition to his knowledge of the language he possesses a thorough understanding of the Spanish character. He has lived among Spanish-speaking and Spanish-descended people. His service in Turkey demonstrates his fitness for delicate diplomatic business. Nobody, even of the Indiana contingent, professes to have the assurance that the general will accept if asked to go to Madrid. There is, however, such a strong sentiment that he would handle the negotiations successfully that his name will be presented to the president upon his return from Nashville.

Chapman Returns to New York.

WASHINGTON, June 14.—Elverton H. Chapman, the sugar investigation witness, who was released from jail on Friday, returned to New York yesterday accompanied by his children.

VISITS CHATTANOOGA.

President McKinley Has a Restful Sabbath—Guest of H. Clay Evans.

CHATTANOOGA, June 14.—After a week of travel, sight-seeing, speech-making and social duties somewhat onerous, though pleasant in performance, President McKinley, Mrs. McKinley and the more immediate official staff had a Sabbath of restfulness. The heat, while intense, was more or less tempered by a northwesterly breeze. The train pulled in from Nashville just as day was breaking. The president and his wife breakfasted in their car, and immediately after, much to the regret of many prominent citizens, who wished to meet the chief executive, drove to the residence of Hon. H. Clay Evans, United States commissioner of pensions. At 10:30 o'clock the president, accompanied by ex-Postmaster General K. M. Evans, went to the First Methodist church. Mrs. McKinley did not accompany him. No reference whatever was made to the distinguished guests in the sermon or service, except that the blessing of Providence was asked for him and his administration in the opening prayer.

PRINCETON, N. J., June 14.—In reference to a rumor that an honorary degree of LL.D. will be conferred upon Grover Cleveland next Wednesday the university authorities are reticent in giving information and a confirmation or denial cannot be obtained. It is the prevailing opinion among professors and students that the report is true.

TO ASSASSINATE HIM

Dastardly Attempt on the Life of President Faure.

BOMB THROWN AT HIS CARRIAGE

French President Was on His Way to Long Champs to Witness the Grand Prix de Paris—Suspect Arrested, but Not Until a Policeman Was Nearly Beaten to Death.

PARIS, June 14.—An attempt was made yesterday to assassinate Felix Faure, president of the French republic, while he was enroute to Long Champs to witness the grand prix.

While Mr. Faure's carriage was passing a thick net near La Cascade restaurant, in the Bois de Boulogne, a bomb, which subsequently proved to be a piece of tubing six inches long and two inches in diameter, with a thickness of half an inch, charged with powder and swan-shot, exploded.

No one was injured by the explosion. A man in the crowd, suspected as the prime mover, was arrested. He gave his name as Galliet and made only the briefest replies to questions put to him by the police.

Galliet said that he had no occupation, but resided at Levallois-Perret. The police are making a thorough search of his lodgings. He is believed to be insane, for he shouted as the carriage passed along so loudly as to attract general attention in the crowd. The police have also made another arrest, in this case, a youth, but it is thought probable that the actual culprit escaped.

News Spreads Like Wildfire.

The news of the attempt spread like wildfire through the city and when Mr. Faure returned to the Elysee the streets along the route where it was known he would drive were crowded with people who cheered him vociferously.

In the thick of the police found the remnants of the bomb they found also a pistol upon which were engraved the words "Mort a Felix Faure," and the names Alsace-Lorraine and Cologne. Near the pistol was a small dagger, bearing a similar threatening inscription and a few feet away the police found a newspaper with a cartoon grossly insulting to the president. This contained an offensive inscription hinting at the execution of M. Faure.

A correspondent had an interview with an official who was riding with Mr. Faure, who said: "When the report was heard a dense cloud of smoke arose from the thickets and there was consternation until it was found out that no one was injured. The police sprang forward but found the thickets deserted. When the crowd saw one of the policemen holding the bomb they came to the conclusion that he was the perpetrator of the outrage and handled him roughly, clubbing him with heavy walkingsticks and umbrellas until his comrades rescued him, badly bruised and covered with blood. The president's cortege then proceeded to the race course."

Mr. Faure behaved with perfect self-command and continued to bow right and left to the crowd after the explosion as if nothing unusual had happened. The president was accompanied by his wife, while in a carriage immediately following was his two daughters.

Baker, a grocery clerk, was handling a
bunch of bananas he was stung twice on
the left hand by a tarantula. The hand
did not swell much but turned black

whisky that saved Baker's life.

K. OF P. DECORATION.

Hermion Lodge Pays Tribute to Their De-
ceased Brothers.

Hermion Lodge, K. of P. appro-
priately observed decoration day yester-
day. At 1:30 o'clock the members of
the lodge and a few visiting Knights as-
sembled in the lodge room and after
some excellent music furnished by
George Pomeroy, J. N. Gibson and
Frank Knot, order was called by the
Chancellor Commander John Wilhelm.
After the ritualistic ceremonies, E. A.
Remy, made a brief address.

The Knights, more than a hundred in
number, then formed in line and head-
ed by the Nightingale Band, and Suc-
cess Division U. R. K. of P. and
marched to the cemetery where the
graves of the nineteen deceased mem-
bers of Hermion Lodge were strewn
with flowers.

This beautiful custom as observed by
the Knights of Pythias grows more im-
pressive from year to year.

Christian Church Revival.

The great meeting conducted by the
"Boy Preacher," Elder A. F. Beare, at
the Christian church, closed last night
with a great crush. The house was
crowded and many on the outside. The
immediate results of this meeting are
seen in sixty-four additions to the
church, making in all eight years addi-
tions since Elder Beare came in our
midst, a period of two months and one
week. This meeting was in some re-
spects a wonderful meeting and the
preacher no less so, for although the
devil's old rusty and shaggy horns were
at various times seen to intrude them-
selves, yet the little man was always
equal to the emergency and held him
at bay and in the face of many discour-
agements he has succeeded in doing a
greater work than any of his illustrious
predecessors. The church is much
strengthened and built up, and it is
hoped that the preacher and the people
will continue to hold the devil at bay
and that the good work thus well begun
will continue to go on indefinitely.

LYONS.

Very many people have disordered
kidney: Symptoms: Pains in the loins,
and pale, flaky urine. Dr. Bull's pills
will positively cure all diseases of the
kidneys. Price 10 and 25 cents.

Mr. Isaac Horner, proprietor of the
Burton House, Burton, W. V., and one
of the most widely known men in the
state was cured of rheumatism after
three years of suffering. He says: "I
have not sufficient command of language
to convey any idea of what I suffered,
my physicians told me that nothing
could be done for me and my friends
were fully convinced that nothing but
death would relieve me of my suffering.
In June, 1894, Mr. Evans, then sales-
man for the Wheeling Drug Co., recom-
mended Chamberlain's Pain Balm. At
this time my foot and limb were swol-
len to more than double their normal
size and it seemed to me my leg would
burst, but soon after I began using the
Pain Balm the swelling began to de-
crease, the pain to leave, and now I
consider that I am entirely cured. For
sale by C. W. Milhous.

Toilet soap, to be good, should be
as wholesome as good. The skin is as
sensitive as the stomach, and is as
quickly affected by impure soap as
the stomach is by unwholesome food.
With this fact in view, Alpha Cox,
the druggist, recently engaged one
of the most reliable soap makers in
the United States to prepare a speci-
al skin soap for his trade. The soap
has been received at his pharmacy, and it
proves to be all that the proprietor desired in
so essential an article of the toilet—a pure,
perfumed soap, agreeable to the skin, and one
which, having once been used will be used
again, and cheerfully recommended to friends.
When you are purchasing toilet requisites
again, bear in mind Cox's Special Skin Soap.

The Daily AND Weekly REPUBLICAN

Have no Equal for Advertising in Seymour or Jackson County.

John P. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; or a more successful publisher than its proprietor, Mr. John P. McLean. The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety, can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

For more than a hundred years the Shakers have been studying the remedial properties of plants. They have made many discoveries, but their greatest achievement was made last year. It is a cordial that contains already digested food and is a digester of food. It is effective in removing distress after eating, and creates an appetite for more food so that eating becomes a pleasure. Pale, thin people become plump and healthy under its use. It arrests the wasting of consumption.

Judicious advertising is the best paying investment that a business man can make. The soundest kind of investment in stocks, bonds, real estate, etc., is liable to a fluctuating value, and that is about the worst thing that can be said about judicious advertising. But its percentage of returns on the outlay is larger, and that is why it may be considered as a pretty solid investment when properly done.

"There's no use in talking," says W. H. Broadwell, druggist, La Cygne, Kas., "Chamberlain's Colic, Cholera and Diarrhoea Remedy does the work. After taking medicines of my own preparation and those of others I took a dose of Chamberlain's and it helped me; a second dose cured me. Candidly and conscientiously I can recommend it as the best thing on the market." The 25 and 50 cent sizes for sale by C. W. Milhous

A stone wall almost a mile in length with an average height of 18 feet, has been built along Second Ave., in Pittsburg, by the Baltimore & Ohio railroad company. This is a part of the half million dollar improvement that the company is making at that point.

A. H. Patter, with E. C. Atkins & Co., Indianapolis, Ind., writes: "I have never before given a testimonial in my life. But I will say that for three years we have never been without Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house, and my wife would as soon think of being without flour as a bottle of this Remedy in the summer season. We have used it with all three of our children and it has never failed to cure—not simply stop pain, but cure absolutely. It is all right, and anyone who tries it will find it so." For sale by C. W. Milhous.

INDIANS IN AN UGLY MOOD.

Killing of Almighty Voice Likely to Cause Trouble.

REGINA, N. W. T., June 14.—The irritation among the Indians in consequence of the killing of Almighty Voice and his companions by the mounted police is assuming an ugly shape. Fifteen Indians have attacked the farm of Mr. Gordon, between Saskatoon and Duck Lake, and killed all the cattle in the corral. A detachment of the north-west mounted police have left Regina to proceed to the spot by train. They will join a second detachment at Nut Lake. It is believed that the instigator of the outrages is a family connection of Almighty Voice, called Almighty Voice's brother.

MURDER OF LONG AGO.

Old Man Indicted For a Crime of His Younger Days.

PRINCETON, Ky., June 14.—When the grand jury adjourned Saturday night it returned one indictment, which, when it became known this morning, created great surprise and considerable excitement. The indictment is against Moses Hobby, colored, charging him with willful murder, in killing Holeman, colored, over 45 years ago. The strange part of the matter is why Hobby has not been indicted long ago.

Very few living here now know anything of the case. The witness are very old people. The indictment charged Hobby with putting poison in whiskey and giving it to Holeman. A bench warrant was issued immediately and Hobby is in jail.
